On the listed date and time, this unit was called to 325 Whittemore for a criminal damaging complaint. Upon arrival, we spoke with Doug Williams who said someone was throwing firecrackers and shooting guns at his house. We looked at the side of the house and the area where Doug said the shots were fired and we did not see any evidence to suggest shots were fired. We did not find holes in the house and we did not find any shell casings. Doug said the neighbor down the street told him the suspects were shooting guns but he was unable to point out which neighbors told him that.

Doug did say he found a firecracker over the fence that was not exploded. When we reviewed the surveillance footage from the side of the house, two unknown suspects came up to the privacy fence and threw some firecrackers over the fence before fleeing on foot. The video did not show any suspects shooting any firearms at any time. There was no damage to the property. Doug was advised a report would be made and BWC was active.
